What is your main reason for choosing that response?

Everyone really friendly in the practice - appointment system very good
Very pleased to be given an immediate blood test after my doctor recommended it - as its difficult for me to take time off work.
Always able to get an appointment quickly.
so difficult to get appt, never same GP can be seen.
Easy appointment on line Doctor Overington listened carefully and gave good relevant advice
In July 2014 I lost my daughter aged 24 to Sepsis, I would like information about sepsis in your waiting areas or in surgery, as it kills 40,000 people a year in the UK and I and know one else knows the symptoms until it is too late. She did not come to this surgery but it was missed by her GP and she died 6 days after seeing her GP. I find it important!
My wife and I have received amazing treatment since joining your practice in particular over the last 8 months when my wifes last illness. Particularly Dr S Clark
For the excellent care and provisions made by the practice and all the staff
