## What is your main reason for choosing that response?

I saw Dr Campbell absolutely on time. He was efficient and very caring. He understood my various ailment notes instantly and I feel that he has done everything possible to give me immediate solutions. I am most impressed. Please pass on my thanks....

Compared to other surgeries, we are very lucky here to be able to see a doctor the same day, even if you ring midday. Friends in London say they have to wait weeks! I also find the doctors really care and never hurry you - even if you have a list of issues.

I have received excellent care over the past year when I was not in a good place

Very impressed at treatment and speed of Xray. Well done

I have seen a number of doctors at the Mill, and without exception have always been treated courteously and I have been listened to. Reception staff also very helpful.

Thanks to you all. CB

Having an ultra sound at the practice with full explanation was outstanding service and much appreciated. I was very impressed by the time Dr Green took in additions to thoroughness.

It is extremely difficult to see a particular doctor. If you are happy to see anyone it is fine but the standard of GPs is very mixed! At various points I have tried phoning, EMIS, the recorded service, all to no avail!
